Reptile Health Requirements

Annual exam by a veterinarian

Annual negative fecal test

Reptile Feeding/Packing List Instructions:

Bring your pets' current diet for us to feed to prevent stress and weight loss.

- PLEASE pre-measure and pre-package food in individual Ziploc bags, labeling each meal (breakfast, lunch, or dinner)** to ensure you have provided enough food for your pet's stay. We also suggest packing some "extra" in case you encounter any delays in your return.
- Fresh produce should be supplied for 1 week; the resort will supply the remainder for longer stays. In the event your pet needs additional insects the resort will purchase these at an additional cost.
- Live insects should be supplied in a separate enclosure and provided with gut loading food.
- Provide feeding instructions that include: the type of food (vegies/insects), amount fed each meal (teaspoon/cup), & frequency of feeding (number of times per day)
- We recommend bringing your own enclosure and extra substrate with instructions for next bedding change. Bring all your own bowls, water dishes, heat lamps, UV lamps, thermometers and enclosure furniture.
- Supply a photo of your pets' enclosure set up at home and list the timing of lights and proper temperature settings.

All Guests: Medications/Supplements

Please inform us of any behaviors, physical limitations or health concerns that will help us better care for your pet during their stay. This includes hearing/vision loss, arthritis, anxiety, allergies or any other medical condition that may need special monitoring.

- For your pet's safety, all medications/supplements are required to be in the original packaging with clear dosing instructions.
- Please ensure you have provided enough medication for your pet's entire resort stay with a little "extra" in case you encounter any delays in your return.
- Medication/supplements for our resort guests can be administered between the hours of 6am and 6pm for the cost of:

\$1.00 Per Medication/Supplement & per dose
Insulin \$10.00 per day
